DR. TRINWARD RECEIVES HASTINGS AWARD AT 10th ANNUAL AWARDS BANQUET

The 10th Annual Citizenship awards Banquet was held June 8, at The Bethel Inn. The Greater Bethel Chamber of Commerce recognized six outstanding citizens and one local firm. Among those attending the banquet were the widow of Henry Hastings, the man for whom the principal citizenship award is named, as well as his son and daughter.

Mary Carroll received the Outstanding Senior Citizen Award which was presented to her by Mrs. Muriel Faudi, president of the Bethel Senior Citizens. Mrs. Carroll was cited for her exemplary humanitarian activities.

Peter Keniston and Rhonda Cummings received the awards for Outstanding Student Citizens from Dr. Wayne Gersen, principal of Telstar Regional High School. In his remarks, Dr. Gersen noted that to receive these awards students had to actively participate in a broad range of activities and not limit their work to excelling in academics alone.

Dr. John Trinward received the Henry H. Hastings Award from Howard Cole. In receiving his award, presented for outstanding work in fields of health, community development and charitable organizations, Dr. Trinward commented on the full personal meaning of being selected for this award as he had been a good friend and associate of the late Henry Hastings.

As a special award, this year's awards committee decided to recognize the special efforts of Leonard and Barbara Brown in community affairs, particularly for their work in key aspects of concern to the community as a whole. Dr. Stanley Howe, Director of the Bethel Historical Society and Curator of the Moses Mason House Museum, a member of the awards committee, presented the special award after citing the reasons why the committee thought that the Browns deserved this special recognition.

Winner of this year's spring beautification contest was the L. E. Davis Lumber Co. Announcement of the award was made by Chamber President Donald Bennett. At a later date the award will be presented to the company at its main office.

N.T.L. SUMMER PROGRAMS TO START MONDAY, JUNE 19

N.T.L. Institute's 31st year of regular summer programs in Bethel will start on Monday, June 19, with two small programs at the N.T.L. Conference Center on Broad Street. Starting on July 3, the facilities of Gould Academy will also be used for a varied list of programs to be offered through Aug. 27.

N.T.L. is pleased to continue its policy of offering full tuition scholarships to residents of Bethel and the surrounding area who wish to attend the Human interaction programs. Only the registration fee is payable, and applicants are placed on a "standby" basis until a few days before the session, with final enrollment contingent upon space being available. This summer these sessions are scheduled to start on the following six Mondays: June 19 (2 weeks in length), July 3 (1 week), July 17 (2 weeks), July 31 (1 week), Aug. 7 (1 week), and Aug. 14 (1 week).

Interested applicants from Bethel and the surrounding area may obtain applications for any of these programs at the N.T.L. Office in Bingham Gym, Gould Academy, which will open for the summer on Friday, July 16.

DEMOCRATS FAVOR MERRILL — REPUBLICANS, PALMER IN BETHEL VOTING

In Tuesday's primary election, Bethel Republicans favored Linwood Palmer with 111 votes, over Charles Cragin's 52, and Jerrold B. Speers 52 votes, in the race for the gubernatorial nomination. In State Senate District 5, Roland Sutton led locally with 96 votes, trailed by Tom Winsor, 25; Howard S. Millett, 22; Ray Stetson, 16, and Joel M. Carson, 13. These were the only contests.

On the Democratic side, Philip Merrill with 93 led the race for the governor nomination, trailed by Joseph Brennan with 59, and Richard J. Carey, 19. In the other Democratic contest, Markham Gartley led with 88 local votes, trailed by James Henderson with 66 for the Second District Congressional nomination.

Statewide it appears that Brennan will be the Democratic standard bearer in November and the Republican candidate will be Palmer in the race for governor. Gartley won the Second District nomination for the Democrats. In State Senate District 5, Sutton appears to be the Republican winner.

Clarice Gibson, Corres.

Next Sunday will be father's day and too often we tend to forget the important role daddy has to play in the family. Mama usually is the one to kiss the kids, get the meals, and see that the children are clean and presentable. We must remember that Dad, at least in our family, is the one that keeps the boat steady. Too often I would want to keep the children tied down when they had to start getting out on their own; and Frank would have to remind me that they weren't babies any more.

I Love You Daddy
I love you, Daddy, more and more,
As every day goes by.
Because you share my every wish,
And hear my every sigh.
Because of all the thoughtful
deeds.

That you have done for me,
To make each moment of my life
A happy memory.
I love you for your patience and
Your understanding voice,
And for your good advice when I
Have had to make a choice.
You have provided me with food,
And clothes to keep me warm,
And you have been my guardian,
Against what-ever storm.
I love you Daddy.

Letters to the Editor
June 14, 1978
To the Editor:

I would like to express my sincere thanks to my students and parents for their beautiful roses and elegant Indian necklaces and earrings. I also want to tell you how grateful I am for the many kind words, letters, phone calls, telegrams, gifts and flowers given me on the eve of my retirement. The surprise party which my sister, Emily, and her daughter, Lisa, planned after Mary Poppan was a delightful experience that I shall never forget. Words are so inadequate for what is truly in my heart. God gave me a gift and I hope I used it wisely and well.

Perhaps this is an appropriate time to mention what has been on my mind for some time. It has to do with young people who need to have a creative outlet. Sports help to build strong, healthy bodies, teach good sportsmanship and stress the importance of hard work to achieve a goal. Unfortunately not all children can or wish to participate in this area. This is where I feel society fails them. I have seen shy children blossom, develop and gain self-confidence after being involved in a production but watch not only those on stage but those behind the scenes as well suddenly realize there is a "world of theater" that appreciates their creative ideas. GILEAD WOMEN HAVE EARLY MEETING
The Gilead Women's Club met earlier than usual this time for you to decide on a number of items. The main topic was the yard sale to be held Saturday, June 17. It was decided to advertise in the paper, also have posters and put up signs the day of the sale. It will be held in the front of the old town hall from 9:30 a. m. to 4 p. m. In case of rain it will be held inside. The ladies wish to thank anyone who donated articles for this event.

Discussion was held on whether or not to have a booth at Mollie's Day. The majority wanted one, so will meet on June 27 at 7:30 at the Gilead Library to make final plans for that.

Also it was decided to take the children on their annual trip to Simpson's Annual Park in Brunswick, this trip will be on Saturday, July 29. More details will be announced as final plans are made.

Letters to the Editor
June 14, 1978
To the Editor:

I would like to express my sincere thanks to my students and parents for their beautiful roses and elegant Indian necklaces and earrings. I also want to tell you how grateful I am for the many kind words, letters, phone calls, telegrams, gifts and flowers given me on the eve of my retirement. The surprise party which my sister, Emily, and her daughter, Lisa, planned after Mary Poppan was a delightful experience that I shall never forget. Words are so inadequate for what is truly in my heart. God gave me a gift and I hope I used it wisely and well.

Perhaps this is an appropriate time to mention what has been on my mind for some time. It has to do with young people who need to have a creative outlet. Sports help to build strong, healthy bodies, teach good sportsmanship and stress the importance of hard work to achieve a goal. Unfortunately not all children can or wish to participate in this area. This is where I feel society fails them. I have seen shy children blossom, develop and gain self-confidence after being involved in a production but watch not only those on stage but those behind the scenes as well suddenly realize there is a "world of theater" that appreciates their creative ideas. This Monday morning is a beautiful morning, with graduations listed for the different schools. I hope the weather stays wonderful. We will miss the big yellow buses but they deserve a vacation.

West Paris alumni banquet was held June 8 but I have been sick all the week end so I didn't hear any reports, only that it didn't rain. That's something.

I wish the two cent stamps had enough glue on them so we wouldn't need to use Scotch tape on them.

Our sympathy to the family of Jay Willard in the loss of his sister, Ruby Davidson, a school mate and friend of mine.

The month of June is almost gone and I haven't seen many roses or haven't been in the right places.

Mr. and Mrs. Joe Kalinowski were called to Portland, Conn., Friday as their brother-in-law passed away. They will be back soon.

Callers at Lawrences were Phil Williams, Barbara Felt, Sharon and Jenny Scherf, Elwin Billings, Mr. and Mrs. Linwood Birney,

— Mrs. Colista Morgan, Corres. —
Since writing last week, I have again visited the bobolinks and illies. This time I went with Ruth. Twice I have been fishing.

As I went by boat, I was greeted by the deep voice of a frog which sat under an arrow weed stem like some castaway, possibly thinking he was the only one on an island under a palm tree. He was singing his "moo-song" happily; stopping now and then to flick out his tongue for some insect, a mosquito I hoped.

The sun was warm, the grasses lush and green. Three black ducks moved out from the shallows. They swam lazily along now and then dipping their glossy heads while searching for food.

The insects whisked or buzzed through the air always trying to take a sip or two from the exposed part of my body. Once in the boat and off shore they caused no more trouble.

The breeze was in my favor drifting the boat down pond toward the mouth of Sanborn River.

A white throated sparrow came to perch very close to a red-winged black bird. The sparrow revealed the morning with its flute-like song while the red wing harshly portrayed its presence.

I had one strike at the mouth of the Sanborn but that was all. So I turned to go up the river.

Two jays had found something and were screaming, quarreling, and flying from bush to bush.

It was a time to relax and enjoy the water and the forest.

As I turned a bend, a red wing was perched on a stick that poked out of the river bank. He was indulging in his courtship ritual, a real show for his little brown hen.

who was nearby on the bank. He bowed, tail uplifted, gurgled his musical call and displayed his gaudy red epaulets. She, with coy pretense, acted as if she were unaware of his act, but she was sure to keep herself in sight, possibly afraid she'd lose his attention.

Bur weeds and button bushes nestled at the water's edge.

Cottontail clouds moved across the blue, as I sat absorbing the scents and sounds about me.

I watched an oriole fly by carrying something to his lady.

I paddled on listening to the birds competing with each other with their mating calls.

Around another bend I spied a pond builder, sniffing and seeming rather nervous; a muskrat, busy as always.

From the right side there appeared a dance of dragonflies, some blue and small, some brown with yellow markings and others in gray dress. Their wings never fold up and their eyes are the sharpest of all insects. They were catching midges rising from the grass. They captured their prey, as they cupped their six legs into a kind of basket and seized the air. They took them by the score, as they darted, dived, sidestepped and almost somersaulted in the air. All the while they flashed in the sunlight.

Now I pushed on. The beauty of the open water was bluer than the sky, as it sparkled in the sun.

The hemlock, unmistakable, is our only common conifer which

lacks a stiff terminal spire. Its tips droop so gracefully and look as if the whole tree were decorated with green tinsel icicles. They were visible in many places.

There were changes along the banks caused by the ice, snow, and high water. Where there had been devastation, the kindly hand of nature had hidden its traces. Ferns, mosses and berry bushes. I scrutinized signs of new growth such as the unfurling veined leaves of the false Solomon's seal.

I turned to return down river and my ear caught the cheerful notes of the song sparrow's home-spun tune. How its throat vibrated. There were the little jewel-box warblers, too, flaming with vivid contrast of colors.

The Mayflies are late for they were numerous. I watched one at times in the boat as it stood high on fragile legs. It had an upward curve to its abdomen and its two pairs of wings displayed colors.

I gave more thought to fishing at the mouth of the river but had no luck.

Time now to row toward home. On the hills the clouds threw little shadows like scurrying sheep

on their green flanks. It had been a pleasant time, clear and beautiful, gliding through tangles of shrubs, flowers, gay bees, and other things so I look forward to going again.

Doris Hayes and her two sisters left for New York on Friday morning to visit her son Erwin, and family. They planned to return on Monday. Scot Hayes was to stay with his grandfather at the Hayes Homestead.

Helen Chojnacki left for Poland, Europe, by plane on Friday. She plans to be gone a month visiting some of her people.

We went to Shapleigh on Saturday to visit my sister and husband and their family. Both have been ill.

Anna Henderson, Sumner, called on her brother, Leonas Holt and family on Sunday afternoon.

Most of the people with cottages and camps were here for the week end enjoying the lovely weather.

We visited Mr. and Mrs. Carroll Nottage, South Paris, Sunday.

NORTHERN OXFORD HEALTH & SERVICE COUNCIL

Many citizens are wondering what has been going on with the Northern Oxford Health and Service Council. Be assured that much has been accomplished due to the hard work of the new committees formed. The Policy/Philosophy Committee has met and determined some basic guidelines and made specific suggestions for the operation of the proposed Health Center. They are trying to make decisions upon such issues as clinic hours, hospital referrals, patient records, on-call hours, patient fee scale, health education, patient transportation and services to be available initially and in the future.

The Finance Committee has come up with a proposed budget for the first year of operation of a clinic. They have received some assistance from Dr. William Bristol of Medical Care Development and Dr. William T. Whitney of Norway, by looking at other Maine clinics' budgets and obtaining local businesspersons knowledge, the committee has what they think is a realistic, workable budget.

The Facility Committee has had several meetings and come up with criteria for evaluating possible clinic sites, available buildings have been looked into for either lease or purchase. They feel that purchasing a building, centrally located, with easy access and parking and room for future expansion growth is important.

The personnel committee will soon be meeting as a group to develop hiring policies, set up interviews and evaluate prospective staff for the clinic (M.D.'s, Nurse Practitioner, R.N., Receptionist, etc.) Several physicians have been looking at this area and are very interested. The National Health Service Corps which recruits physicians and physician extenders to medically underserved areas such as ours, wants to help in the recruitment efforts.

Some citizens wonder why steps have been taken to set up a clinic when as yet there is no physician. All of the physicians looking at this area expressed great interest and were most attracted by the proposed community health center or clinic rather than a single practice arrangement.

More help and input are needed from any citizens concerned about the development of the proposed health center. If anyone desires more information or would like to work on a committee please contact any of the following people: Shirley Powell 824-2788 or Mer Gillies 824-2588 (Philosophy/Policy); Merton Brown 824-2669 (Finance); Joyce Angevine 824-2302 (Public Relations); Donna Tremblay 824-2734 (Facility); Kathie Tremblay 824-2108 (Personnel).

The Money Tree

In my experience, money and elbow grease spent wisely on landscaping will pay off handsomely in adding value to your property—in dollars—not just in impression. Some go as far as to say that a mature tree in the right place is worth a thousand dollars.

Landscaping gives a house personality. It is exterior decoration. Landscaping and the house facade greet the visitor and give that important first impression of the owner as well as the home. It can work both ways, too. A plain house can be made attractive with the right landscaping. A beautiful house can become ugly with the wrong landscaping. In fact, a

prospective buyer will have a pretty good opinion of what the inside of the house will look like by the time he has finished perusing the appearance of the exterior decoration.

Aside from increasing value, good landscaping pays dividends in other ways. It adds pleasure to your family's life. And it's not all that difficult to achieve and maintain.

If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel. Phone: 824-2122, 824-2579. We're here to help!

GREENWOOD-WOODSTOCK WAR VIDEO FILM AT TELSTAR THURSDAY (TONIGHT)

Have you ever wondered what Mrs. Helen Berry looked like in a combat helmet? Would you like to see the famed Generalissimo Otero-Otero pygmy division massacre? Tonight (Thursday, June 15) is your chance.

The Greenwood-Woodstock War video film will be shown in the Telstar High Lecture Hall. The work is based on an original novel by Gary H. Dunham. It was produced within the school using video tape equipment under the direction of Scott Wight.

The film is a satire on old war movies and is great fun. The show starts at 7 p. m. and lasts approximately 35 minutes.

A special invitation is extended to the School Board members. Bring your own K-Rations!

BETHEL LITTLE LEAGUE BASEBALL

Approximately 75 boys, ages 8 through 12 have signed up to participate in the local 1978 summer baseball program. This year's program consists of three teams and the Red Sox team.

The Red Sox and two farm teams are fortunate to be using a Telstar field as their regular ball field has undergone repairs.

Al Sumner and Peter Weeks coach the traveling farm team. Other coaches are, W. Bethel, Hugh Chapman, John Laban, Don Bachelder and Irving York.

The Bethel Red Sox coaches Dave Salway and Nelson Smith started the season on May 30 with a defeat to Bryant Pond, 10-9 in 7 innings.

Other games: Red Sox over Andover, 17-8; Red Sox over Rumford Pt., 6-5; West Paris over Bethel, 9-7.

For the first time in a few years the Red Sox are very proud to be in new uniforms thanks to the Town of Bethel and Peter Brown's assistance. The boys donned their new uniforms for the first time in a winning game against Greenwood on June 9.

It's very important to the boys playing as well as the men coaching that the parents and friends support these teams in any way they can, especially attendance at games. Let's not let the opposing team's spectators outnumber the home team! Also thanks should be expressed to the umpire, Jack Van Deursen and Don Fudge.

TO STUDENTS OF MARY POPPINS!

Good job everyone, we were proud of you! Thanks for beautiful flowers and gifts. See you next season.
